8AM - 8:30AM - DR. RON BARONE

Introduction/Short Talk on Childhood Vaccines. Dr. Ron will start off the Symposium by going over the guidelines, expectations, etc. He will segway into a short talk on Childhood Vaccines, how to handle them radionically and will be giving out a gift.

Dr. Ronald Barone (Body, Mind & Spirit) is a consultant on personal well-being. From Black Hawk, SD, Ron brings over 50 years of experience in the health care field. He is a Chiropractic Doctor certified in Orthopedics, with training in advanced Radiology, Nutrition, and Kinesiology and with a focus on environment, organic foods, nutrition, herbs, homeopathics, exercise and correct thinking. He has been doing radionics and energy medicine as his ministry since 1995. Working on people with health issues and longevity is his primary ministry. He is a skilled dowser in the natural and spiritual realm and a personal friend of Master Dowser and Shaman Raymon Grace. He is also skilled in helping the dying go through transition to the spirit world. He has considerable experience with discarnates and a wide realm of non-physical issues. Ron has worked on many issues in the natural and spiritual realm. Ron teaches people to take control of their own well-being, physically and spiritually.

8:30AM - 9:30AM – PETE RADATTI

Protection. TBD

“Pennsylvania” Pete Radatti is best known for his articles in the KRT newsletter, training new radionics operators, and grassroots radionics support groups (Conshohocken Radionics) in www.meetup.com. His radionics training manual “A Fun Short Course in Beginning Radionics” is available on Kindle readers via Amazon.com.

10AM - 11:30AM – SCOTT ERTL

PH. We will be teaching you about using the aspect of PH in your work. We have brand new worksheets to allow you to test almost any part of a mammal's body for PH. We have been using these methods to test and alter, and have found many disease issues associated with PH.

Rev. Scott Ertl of Infinity Mission is an organic farmer from Wisconsin, Master Dowser, Radionics Operator, the manufacturer of the Lightning Radionic Equipment and the Ertlizer. He also is an expert in stray voltage, geopathic energy and other weird and toxic energy.

1PM - 2PM – ROBERT QUICK

Restructuring Water Via Radionics. Anyone can easily assemble a self-powered reagent that restructures water. And you can add radionic rates to get the best water structure for your needs. You will learn how to assemble a small reagent, and how it works. You will be able to customize with readily available materials to create any desired size or shape reagent that suits your needs. A magnet will be used as a quantum energy portal. Copper BBs will be used

as energy capacitors and conductors. And quartz sand will be used to store radionics rates; as well as being a source for a pulsed magneto electric frequency.

Robert Quick has a degree in horticulture, but most of his life has been devoted to research in the fields of alternative medicine and renewable energy. Nikola Tesla, Rudolph Steiner, Viktor Schauberger and Phil Callahan have provided him with insight on how to work with nature and replicate its procedures. He has healed himself, built and used a Browns gas fuel system for his truck, designed an electrical generator that has no moving parts and designed a solar powered steam turbine. Now that he is "retired", his new company, Energized Water USA, makes magnetically powered reagents. The reagents are designed to remove water pollutants, or invasive aquatic species. These reagents are the result of 20 years of research and development.

2:30PM – 4:00PM – **LINDA LANCASTER**

Harmonic Healing for Health. Dr. Linda will show how to look for and neutralize culprits as she describes in her recent book "Harmonic Healing" such as virus, fungus, bacteria and worms. She will teach the importance of balancing the electro-magnetic energy at the cell level to create health and to understand the necessity of neutralizing heavy metals, chemicals and radiation to create balance in the electro-magnetic field.

Dr. Linda Lancaster is a Board-Certified Naturopathic Physician and Homeopath. She has been in practice since 1981 and founded Light Harmonics Institute, an Energy Medicine Clinic and Educational Center based in Santa Fe, New Mexico and maintains clinics in Santa Fe and New York City. Her training includes Classical Homeopathy, Radionics, Medical Radiesthesia, Subtle Energy Healing, Nutrition, Herbal Medicine, Ayurveda, and Detoxification Methods. Her health and cleansing programs have been offered to her patients for more than 30 years.

4:30PM – 5:30PM – **BRIAN WORT**

Radionics and Biodynamics. Brian will share his experience and successes using radionics on the farm for livestock protection and health, pasture soil health, and his approach to combining radionics and biodynamic methods for stronger effect - not to mention convenience.

Brian Wort is an intuitive healer. He is certified in acupuncture, herbalism, the Clendinning Technique, and as an Usui Reiki Ryoho Master/Teacher. He has studied human and animal nutrition for over 25 years and added radionics to his tool belt in 2017. Brian has been Sally Fallon Morell's Farm Manager and assistant cheesemaker for the last seven years at P.A. Bowen Farmstead in Brandywine, Maryland, using radionics and biodynamics for the farm and its inhabitants.

7:30PM - 8:30PM – **LUTIE LARSEN**

Flower Essence Workshop. In this workshop, we will look at various Flower Essence blooming cycles for their healing patterns. I will show you the various principles and techniques for "capturing" those patterns. Once principles are understood (and become a part of our cultural consciousness) then creative techniques can be applied to better our lives. You will get a chance to try out some of these techniques and ask questions.

Lutie Larsen was first introduced to Radionic instrumentation and technique in 1975. Over the years she has taught students, served on the Board of Directors of the USPA and maintained a steady program at her farm, Little Farm Research. She and her daughter Katherine published a bimonthly newsletter "The Radionic Homestead Report" from 1985-2011. More recently she published "Tips and Techniques for Radionic Farmers".

DAY 2

FRIDAY, OCTOBER 29, 2021 - 8AM TO 8:30PM

8:00AM - 9:30AM – LUTIE LARSEN

Radionics and the Delawarr Camera. LFR and I had the privilege of owning an original Mark 5 Delawarr Camera for 20 years. 1997-2017. A series of agriculture projects were conducted and analyzed. I developed a Delawarr based rate system and tested any number of projects. Images were obtained and techniques using the Camera were explored. In this class I will detail a number of the principles (and skills) I learned and apply today in my subtle energy research.

10AM - 11:30AM – DR. RICHARD OLREE

Minerals Frequency in the Unfolding of DNA. Dr. Olree will present the information and Dr. Ron Barone will be providing radionic rate sheets and application.

Dr. Richard Olree is a Doctor of Chiropractic and holds a Bachelor of Science in human biology. He has had many of his articles published in ArcesUSA and has written several books including "Minerals, Hair and the Human Genome" and "Is Covid 19 a Telomere Virus."

1:00PM - 2:00PM – GABRIELE SUTTON

Providing Animal Health by Infusing Energy into Supplements. Any person that aspires to provide wellness to an animal, understands that the path to restore optimal health has to involve some kind of nutrient – either in its physical state (supplement) and/or through subtle energy, by transmitting the needed nutrient through Ascension directly to the sick animal(s)- and more often than not, you are also transmitting to the emotionally effected 'owner'. This principal is being implemented to all animals- from pets and sports animals to farming and exotic breeds. ZoZeyko has been instrumental in guiding and selecting the most appropriate nutrients for optimal treatment outcome, without limiting and burdening the practitioner, allowing for a speedy, and accurate treatment with very successful outcomes anywhere on the globe.

Gabriele Sutton has been practicing Naturopathic Medicine for well over 25 years, with her primary focus on Equine and Canine wellness. Practicing out of their laboratory of HNS Animal Health & Nutrition in New York, her clients are worldwide. Gabriele and her partner create and implement nutrient specific homeopathic and botanical treatment programs to restore the general vitality and animal's balance back to optimal health. They achieve this either with physical remedies, or via subtle energy methods without the animal being present. What used to take a significant amount of time, from scanning the animal to selecting the reagents and various remedies, to potentizing a custom program, NOW only takes mere moments by working with The ZoZeyko Collection through Ascension via INTUITION and INTENT.

2:30PM - 4:00PM – MORRIS HARTMAN

Solving the Foliar Feeding Puzzle with Radionics. The challenge to produce above average yields in crops without breaking the bank has been a multi-layered puzzle for producers and crop consultants for years. With over forty years of fertilizer and down to earth farming

experience, we have put together an extensive but reasonable approach to increase crop production while reducing input costs by as much as 30%. The use of radionics as an indispensable tool in accomplishing this. This presentation is an abbreviated version of our regular "Foliar Feeding Class" with a strong emphasis on the use of radionics coupled with plant foods and micronutrients to make your crops, whether garden or commercial, produce more with a greater nutrient value, while costing much less. Special attention will be placed on timing, rates, radionic rates, and sugars.

Morris Hartman is a Quantum Polarity Therapist and Reflexologist. He had a fertilizer business for 20 years. Morris is a crop adviser and has been a soil radionics operator since 1985.

4:30PM - 5:30PM – ROXANNE MATA CIA

Balancing Neuro-Codes in the Brain. We need a proper amount of neuro-code patterns to have a healthy brain and body. Sometimes because of injury, illness, toxins, EMFs, thought processes or age, a person can't function in a healthy manner. The Personal Energetic Trainer (PET) is able to pulse programmed neuro-code patterns to the brain and nervous system. The PET allows for a better transmission from left brain to right brain, for better brain communication which balances the neural pathways. Roxanne will share how the PETS can be used alone or in subtle energy instruments such as radionic or the advanced biophoton machines. There are 4 PETS: Focus, Recovery, Stress and Performance.

Roxanne Matacia began as a registered X-Ray tech and moved on into Light Therapy and Radionics. Now Roxanne works on clients and animals with radionics, PETs and Advanced Biophoton matrix machines. She is passionate and loves to help people help themselves. She helps to organize and speak on Scott Ertl's weekly Tuesday radionic call.

7:30PM - 8:30PM – BRAD EMERSON

Let's Share Radionic and Energy Information! A time for anyone and everyone to share what is working in your radionics work. Have reagents you love? Rates that are your go to when solving a dilemma? Instruments and equipment that give you amazing results? Tell us about them.

Brad Emerson is a rancher who has been using Radionics for several years and is still learning. Doing as much as possible on limited time and focus. He has learned more from others than from experience.

DAY 3

SATURDAY, OCTOBER 30, 2021 - 8AM TO 5:15PM

8:00AM - 9:30AM – MARTY LUCAS

Emotions are Healing Frequencies. Emotions can contribute to disease or health. We've discussed the power of Love, but the highest form of love is mercy. Mercy is perhaps the most powerful of healing and balancing blend of frequencies. I will present before and after analyses of soil and animals, where all that was used was Mercy. Then we will take readings suggested in class and balance them with Mercy as well.

Marty Lucas is a long time radionic practitioner and teacher, with clients and students from around the world. He is known for his innovative approach to dealing with issues. He is a past president of the American Society of Dowsers and is the

current president of the United States Psychotronics Association. His radionic coaching calls are free to the public and his website is a great resource for additional radionic and subtle energy information. www.radionics.us

10:00AM - 11:30AM— DAN MANGUM

A Subtle Energy Spectrum. This presentation will cover the 12 color band of subtle energies discovered (actually re-discovered) by the early 20th century French radiesthetists, including Chaumeray and De Belizal. Topics include history of this discovery, use of these energies in the ancient world, descriptions of these energies and their qualities, demonstrations of specialized pendulums for working with these energies, radionic rates for analysis and broadcast of these energies, and how we can apply this to our work. A new rate sheet will be provided. This presentation will reference the science of Biogeometry (Dr. Ibrahim Karim) and will emphasize information about the infamous vertical wave of negative green.

Dan Mangum is a radionic researcher who uses radionics to maintain a garden, greenhouse, fruit and nut trees, honeybees, a handful of horses and Shetland sheep, and his dogs. He also makes and sells radionic reagents and programs as well as an external antenna/rub plate of his own design. His background includes studying mysticism, magic, and world religions for 30 years. He utilizes rife machines, orgone accumulators, homeopathy, and biodynamics. Dan is a licensed electrician who occasionally installs off grid solar power and lives off grid himself.

1PM – 2PM— DR. MICHELLE PEAL

Holistic Radionics - Innovations and Updates 2021 with Increases to Planet Frequencies. Innovations and updates necessary in Radionics due to increases and the fluctuations of frequencies on the planet. How you adapt to the changes in planet frequencies, and general broadcast concerns. Necessary adjustments, and cold scan considerations. New projects, and applications in the real world.

Dr. Michelle Peal is an ordained minister who has heard and received messages from the Angels since the time she was four years old. She holds a Doctorate in Naturopathic medicine, and a BS degree in Computer Science. Dr. Peal has twenty-nine years of experience in the field of holistic health care. Michelle calls herself a "Naturalistic Doctor" believing in the body's GOD given ability to heal itself. She is a full time Radionics practitioner, and uses balancing techniques, which includes over one hundred incredible GOD given techniques for balancing the body's systems. Dr. Peal has a full-time practice, in addition to teaching and speaking.

2:30PM - 3:30PM— TIM LIPPERT

Plug and Play Radionics. In this session Tim will teach you how to make and use pre-programmed rates by the dozens or even hundreds that can simply be set up and broadcast within minutes. This method allows you, as an operator, to cover a broad spectrum of issues at the same time, with less equipment, very effectively.

Tim Lippert has spent every day for 20 years using Radionics & dowsing to solve life's problems for his own family and hundreds of clients all over the world. Many of those clients are farmers and livestock producers with hundreds of thousands or even millions of dollars at stake. They demand real answers/real solutions to real world problems and Tim has helped them find it.

4PM - 5PM— BRIAN BESCO

Working with Fields of Consciousness. Interacting with the consciousness of the land, plants, animals, through heart-based interactions with whatever tools you use, including radionic instruments.

2021 RADIONICS SYMPOSIUM

Taught By The Masters

Brian Besco has been making leading-edge subtle energy tools for nearly a decade. The Tensor Rings are used in dowsing, healing work, radionics, and as standalone tools to restructure non-beneficial energy fields. Brian has spoken at various conferences around the world, including as Keynote speaker at the 2019 American Society of Dowsters conference, and has been featured in the New Science of Water with the Tensor tools.
